VTM Torino

Where innovation meets opportunity in the heart of Piemonte's industrial ecosystem!

VTM Torino is the premier business convention for mobility, manufacturing, and subcontracting.

This edition brings together industry leaders and professionals to explore the latest advancements in transportation and manufacturing, including autonomous driving, sustainable propulsion, and connectivity. New for this year, the event will also spotlight railway systems, advanced manufacturing, and the crucial role of subcontractors in the supplychain.

Attendees can expect keynote presentations, workshops, networking opportunities, and B2B meetings, all designed to foster connections and inspire innovation.

Join us to gain valuable insights, forge strategic partnerships, and stay ahead in a rapidly evolving industry.

€19.8 billion

of turnover in Piemonte is from automotive components and mobility services companies

35.8% *of the national turnover of the sector*

717

automotive components and mobility services companies are located in Piemonte

33.6%

of the Italian automotive components and mobility services industry is in Piemonte

59,6K

Employees
